

How Many Jews Does It Take to Change a Lightbulb?

Just one, if it's the right light bulb!

If every U.S. household replaced
one bulb with a Compact
Fluorescent Light,
it would have the same
impact as removing
one million cars from the road

Electricity use: $\frac{1}{4}$ of incandescent bulb

Bulb life: 10 x longer than incandescent bulb

Payback: 2-3 months (assuming 5 hrs/day, avg electricity cost)

Lifetime savings / bulb: at least \$25

To order, fill out order form on the back by Oct 1st. and mail it to Temple B'nai Shalom.

Save Money!
Save Energy!
Save the Earth!

Replacing conventional incandescent light bulbs with Compact Fluorescent Lights (CFLs) leads to lower energy use, savings on your electric bills and reduced pollution.

A LIGHT AMONG THE NATIONS CFL ORDER FORM

Temple B'nai Shalom & COEJL – The Coalition on the Environment and Jewish Life
